

Wellsprings of Florida

Making Christian Science nursing available
to every child, man, and woman seeking healing

To have a place where healings abound "Under the shadow of the Almighty"

Dear Friends,

December 2009

To have a refuge. To have a place to go where the environment is conducive to healing.

To have a place where one feels inspired to talk to God.

To have a place where people may feel the support they need
when they come in a time of need.

To have the presence of a Christian Science nurse so a guest may say, "I can feel the support; thank you for being here."

To have Christian Science *Journal*-listed nurses joining together to provide the support and skilled care 24 hours a day, 7 days a week for as long as needed.

To have a Visiting Christian Science Nurse ready to travel to your home so that you might say, "Thank you for coming. Thank you for your support. Thank you for the healing touch."

To have the class, *Introduction to Christian Science Nursing*, available so that one may begin a career as a *Journal*-listed Christian Science Nurse.

To have the collective support of all: Christian Science nurses, staff, board, and donors so that all those that work or visit here say, "This is a holy place."

To have your support will make all these things possible every day during 2010.

And we will have all these things as the activity of the Christ is being witnessed through each one.

We need your support – steadfastly to continue our ministry of Christian Science nursing in 2010.

We need your support – prayerfully that brings healing authoritatively.

We need your support – financially that invests in preserving a Christian Science way of life.

We need your participation – and the unity it brings.

Thank you in advance for your gift and making it an example of "exemplary giving" "sacredly bestowed."
Please consider being a sustaining supporter now with a gift of \$1,000 or more, or a monthly gift of \$100.

With gratitude,

Linda Osmundson
President, Board of Directors

Sylvia E. Pease
Executive Director

Blessed is that man who seeth his brother's need and supplieth it, seeking his own in another's good.

(Science and Health 518:15)

I must have all things and abound, While God is God to me. (Hymn 224)
